

FARM FRESH RI

Farm to School Programs

RI Farm to School empowers youth to think critically about the food they eat through hands-on activities, giving them a tangible understanding of RI agriculture and the chance to explore and taste fresh New England produce.

Any of the programs below can be offered in a classroom setting, a school garden or an after-school setting. They are also available as weekly series.

Our fees cover all materials and supplies needed for a successful program. We ask that cooking sites be able to provide a room with electrical access and that garden sites have a garden space available

COOKING WITH LOCAL FOOD

\$175 ELEMENTARY

Learn how to create a delicious meal using fresh, Northeast produce all while gaining basic cooking skills, food safety know-how, and having a blast!

FOOD LITERACY

\$160 ELEMENTARY

Students explore Rhode Island agriculture through activities and tastings that feature seasonal produce from the Northeast region.

FOOD JUSTICE

\$160 MIDDLE TO HIGH SCHOOL

Empower youth to be aware of the food they eat, where it comes and the systems that produce it through local food tastings and meaningful conversations about food access.

GARDENING

\$175 ELEMENTARY

Students develop a positive relationship with the natural world through gardening. They will begin building connections between the food we eat and how it grows and get to taste it too!

+We ask that sites have a garden space available for these programs.

CAFETERIA LOCAL

TASTE TEST

FREE K-12

Celebrate RI grown food in school lunches with a cafeteria taste test! Students get to try RI grown produce and learn about the local farm it came from.

+These tastings typically align with Harvest of the Month programming. We ask that Food Service provide the local food tasting and supplies to offer this service free of charge.

**Fees will not only help cover our program costs, but will also help offset and subsidize programs for sites that are unable to pay. It is our priority to work with you and discuss possible ways to make programs fees work for your site and budget.*
